Sir:

In response to the Office Action dated February 16, 2006, which set a 3-month shortened statutory period for response thereto, please amend the above-captioned patent application as follows. Applicants assert that the following amendments place the claims in condition for allowance in that no new claims are presented, 2 claims are cancelled removing an outstanding rejection, the amendments directly address the Examiner's remaining rejection, and no new issues must be considered by the Examiner by the presentation of these amendments. Therefore, the amendments should be entered. In the absence of a Notice of Allowance, the amendment simplifies the issues for appeal, and therefore, they should be entered.
